Mentors – Please keep this list for each of your scholars, or require that they do so. Items that have been completed should be checked off as accomplished.

“PSP allowed me to grow as a person and as a student, giving me the opportunity to realize that there is more out there that the world offers and it is not limited to my community. I was able to visit colleges around the US and from there I made the decision to attend UCLA.”

- PSP Graduate

“The program enabled me to gain a diverse cultural and political experience which benefitted greatly once I adjusted in a new college setting in moving across the country for college.”

- PSP Graduate
